## VILLAGE NEWS

Edition 15. Jan/Feb 2014

### An Open meeting of the Neighbourhood Plan Steering Group

will be held on

**Wednesday 19<sup>th</sup> February at 7pm**

in the John Lampon Hall.

The purpose of the meeting is to draw attention to the work undertaken so far in preparing a Neighbourhood Plan for our village and Parish Area.

In the summer of 2013 a community survey was concluded and the results of this have been analysed. This meeting will be an opportunity to share the findings of the survey with the community and to reveal residents' views on everything from sport to transport.

The meeting will be a chance to explain other aspects of the plan including how it is likely to affect the village and how it fits in with the plans of Colchester Borough Council and Essex County Council. Representatives from the Parish Council and Colchester Borough Council will be present.

The most important aspect of the meeting will be to explain the next stages of the plan's development including the opportunity for members of the community to get involved either directly or indirectly.

So please come along and share your views with the Steering Group.

For any more information you can contact Steering Group Chairman Chris Stevenson at:
