Edition 30 – February 2017

WEST BERGHOLT ROAD SAFETY GROUP

Responding to concerns about traffic related safety issues the Parish Council has formed a group whose brief is to explore ways of addressing these concerns. The group consists of Parish Councillors, Borough Councillors and residents who want to help bring about improvements. No single measure will solve all the problems and an approach which is termed the 5 Es is being followed.

1. **Engage** the community
2. **Encourage** safe driving and parking
3. **Educate** all sections of the community
4. **Enforce** regulations
5. **Engineer** revised road layouts

All these need careful thought and cooperation to achieve with 4E and 5E being most difficult and needing most time.

Village residents and representatives are invited to share ideas and thoughts on these traffic issues and problems at our workshop event.

VILLAGE ROAD SAFETY EVENT

Saturday 25th February 11am – 1pm

**in the John Lampon Hall.
(behind the Orpen Hall)**
