

Prevent—Inform—Assist

Colchester Borough Council's Covid-19 Community Response Pack

VERSION 10

www.colchester.gov.uk/coronavirus

Wash Hands/Cover Face/Make Space

INTRODUCTION

This pack has been produced to support you and your community during the ongoing COVID-19 situation.

Within you'll find a list of key contacts, resources and information in one place, which we hope you can share with your community.

During these worrying and unprecedented times Colchester Borough Council (CBC) continues to work closely with local strategic partners, branded together as One Colchester. The council, voluntary sector, police, health, education and business community along with many others make up the partnership and are committed to close collaboration in support of our communities.

A CBC Community Response team has been mobilised, closely aligned to Community360 (C360) dedicated providing support, advice and assistance to those who need it across the borough.

Colchester's amazing communities have responded in force, volunteers, groups and activities springing up with local leaders to help those in need and the Council is supporting this social movement however it can.

Our Business community, despite all their own challenges are stepping up and helping in so many ways and the Council is committed to supporting and keeping them up to date with advice and information as soon as things are shared

from Government [at www.colchester.gov.uk/coronavirus](http://www.colchester.gov.uk/coronavirus)

Organisations or groups who need advice or support are encouraged to contact the Communities Response team by emailing communities@colchester.gov.uk

Community360 is co-ordinating an extensive volunteer response, along with many local communities who are mobilising themselves into action. Contact them at information@community360.org.uk

We will update the pack on a regular basis as more information becomes available.

COMMUNITY RESOURCES

The Essex Map - Connecting Communities During the Coronavirus Outbreak.

Residents can search the website to find charities, community groups, and social enterprises, as well as organisations who can offer home deliveries, home-based activities and home school resources.

The Essex Map also has a page dedicated to the key information on where to find help and advice, including how to volunteer to help your local community.

MYCOMMUNITY

MyCommunity provides a go-to space of trusted resources to help people find the information they need about the support options available, while encouraging people to come together and take positive community action.

The platform aims to unleash the outpouring of community spirit seen across the country as a result of the Covid -19 outbreak.

HELP CONTROL THE VIRUS

To protect yourself and others, when you leave home you must:

WASH HANDS – wash your hands regularly and for at least 20 seconds.

COVER FACE – wear a face covering over your nose and mouth in indoor settings where social distancing may be difficult and where you will come into contact with people you do not normally meet.

MAKE SPACE – stay 2 metres apart from people you do not live with where possible, or 1 metre with extra precautions in place.

If you feel unwell with symptoms of coronavirus, get a test and do not leave the house for at least 10 days or until

THE RULE OF SIX

The new rule of six means that:

Social gatherings of more than six people are NOT allowed.

This applies to people in private homes, indoors, outdoors, and places such as pubs, restaurants, cafes and public outdoor spaces.

It applies to all ages.

Indoor organised sport for over 18s will no longer be exempt from the rule of six.

There is an exemption for indoor organised team sports for disabled people

The rule does not apply

- to where everyone lives together or is in the same support bubble
- schools or workplace
- weddings up to 15 people can attend
- funerals up to 30 people can attend, this does not include wakes
- organised outdoor team sports
- participate in children's playgrounds
- youth groups and activities
- Support groups are limited to 15

The full list of exemptions also includes protests and political activities subject to 'strict risk assessments', jury service and providing emergency assistance.

People who ignore the police could be fined £200 – doubling with each offence to a maximum of £3200.

SOCIAL DISTANCING — ONE METRE PLUS RULE

How do I make the '1 metre plus' rule work at home?

Meet outside if possible, but if you do have to be inside remember the "plus" part of the new guidelines.

- Sit or stand side-by-side, not face-to-face.
- Keep windows and doors open for ventilation.
- Wear a face covering in crowded indoor places.
- Breath droplets travel further when more force is used, so try not to cough, talk loudly or sing.
- If necessary, rearrange seating to help reduce the virus spread.
- Remember anyone can be infectious, even if they're not showing symptoms.

What about touching surfaces when I visit?

- Avoid touching surfaces or your face.
- Wash your hands regularly using soap

BE DISTANCE AWARE

and water or hand sanitiser.

- If you're hosting, clean surfaces both before and after the meeting. Wear washing-up gloves if you can.
- Put a cloth and bleach spray in the toilet. Ensure people wash their hands and disinfect any tap, loo seat or toilet handles they've touched.
- Avoid close-contact family games.

Can I cook a meal for visitors?

- Yes. Conversation at the table will pose the main risk of aerosol/droplet transmission.
- So, if you eat inside, keep windows and doors open for ventilation.
- Put crockery and cutlery in a dishwasher or hot soapy water (and then rinse in cold water) immediately after use.
- Wash hands before and after preparing food, eating and washing up.
- Put food straight on plates and don't use large serving bowls.
- Avoid serving cold food which needs "handling" before and during meals, like salads.
- Use detergent or soapy water to regularly wipe down tables and chairs where people put hands, fingers and elbows - then wash the cloth.

A national initiative to enable individuals and organisations to politely prompt ongoing distancing and respect of individual social space.

Since COVID-19 there has been a new focus on the need to maintain social distancing, while the public has made great efforts at this as with all things that require ongoing conscious efforts – people get tired.

This, coupled with increased anxiety of many who feel vulnerable, the virus still being present in our communities and the shielding period having ended, has made a number of individuals explore the concept of polite prompting of others by a means of self-identifying with a badge or similar.

Optional badges/lanyards to promote ongoing social distancing. That can be used to show the carrier may have difficulties or concerns in maintaining social distancing.

CLINICALLY VULNERABLE PEOPLE

Being clinically vulnerable means, you are at higher risk of severe illness from coronavirus. You are advised to stay at home as much as possible and, if you do go out, take particular care to minimise contact with others outside your household.

Clinically vulnerable people are those who are:

People 70 and over, those with certain underlying conditions and pregnant women may be more vulnerable to Coronavirus, so they have advised to take particular care to avoid contact with others.

Although these people can now meet others both outside and inside you and they should be especially careful especially about social distancing and hand hygiene.

Never take a chance on visiting a clinically vulnerable person if you think you have COVID-19 symptoms, however mild.

Never visit a clinically vulnerable person if you have been advised to isolate by NHS Test and Trace because you have been in contact with someone who has the virus.

Wherever possible, you should stay socially distant from others, use a tissue when sneezing and dispose of it safely, cough into the crook of your elbow and wash your hands for at least 20 seconds or use hand sanitiser if washing facilities are not easily available.

If someone is defined as clinically extremely vulnerable and being asked to shield, you should follow the guidance for a shielded person.

CLINICALLY EXTREMELY VULNERABLE PEOPLE

If you're clinically extremely vulnerable you were advised to take extra precautions during the peak of the pandemic in England. This is known as 'shielding'.

The government is advising that you do not need to shield now. This is because the rates of transmission of coronavirus (COVID-19) in the community have fallen significantly.

The guidance for the clinically extremely vulnerable is that shielding has been paused. This means:

- you do not need to follow previous shielding advice.
- you can go to work as long as the workplace is Covid-secure, but should carry on working from home wherever possible.
- clinically extremely vulnerable children should attend education settings in line with the wider [guidance for full opening: special schools and other specialist settings](#).
- you can go outside as much as you like but you should still try to keep your overall social interactions low.
- you can visit businesses, such as supermarkets, pubs and shops, while keeping 2 metres away from others wherever possible or [1 metre, plus other precautions](#).
- you should continue to wash your hands carefully and more frequently than usual and that you maintain

thorough cleaning of frequently touched areas in your home and/or workspace.

- you will no longer receive free food parcels, medicine deliveries and basic care from the National Shielding Service.

For practical tips on staying safe, see the guidance on [how to stay safe outside your home](#).

If transmission of COVID-19 increases and we go into a local lockdown you could be advised to shield again.

There is specific guidance on what will happen [if there is a local lockdown in your area](#).

Shielding list

To protect the most vulnerable to COVID-19, the UK Government is keeping a 'shielding list'. The list includes the names of everyone who was advised to shield during lockdown. If there is a significant rise in the infection rate locally or nationally, the people on the list will be contacted and could be advised to shield again.

The letter will act as evidence for employers to show that people are shielding cannot work outside the home until the advice changes, including for statutory sick pay purposes.

Guidance for each local lockdown could be different. For example, the new advice could be:

- You are strongly advised to stay at

home as much as possible and keep visits outside to a minimum.

- If you wish to spend time outdoors this can be with members of your own household or, if you live alone, you may choose to spend time outdoors with one person from another household.
- You should maintain social distancing and avoid gatherings of any size.
- You are advised not to be part of a support bubble with another household.
- If you are advised to shield again and you urgently need food or care, you should contact Community360 at information@community360.org.uk or email communities@colchester.gov.uk

If you're unable to work from home or a location outside the lockdown area:

- your employer may be able to furlough you under the [Coronavirus Job Retention Scheme](#) if you have previously been furloughed for a period of at least 3 consecutive weeks taking place any time between 1 March 2020 and 30 June 2020. This scheme will run until the end of October 2020. you may be entitled to [Statutory Sick Pay from your employer](#) on the basis that you cannot work because you are shielding
- [you may be eligible for benefits](#)

In the event of a local lockdown visit [Colchester Borough Councils website](#) for further guidance.

ACCESSING FOOD AND ESSENTIAL SUPPLIES

Although food parcel deliveries have now stopped you are still able to get support should you need it.

Prescriptions, essential items and food you buy can be delivered by [NHS Volunteer Responders](#) please call 0800 196 3646 between 8am and 8pm.

You will still be on supermarket priority lists for food delivery slots.

If you can, ask friends, family or neighbours who are well to go out and get food and other essentials for you. If you do not have others to help you, please contact Community360 by emailing information@community360.org.uk.

There are also many community groups who can help in your area or local shops may be able to provide orders for delivery (by phone or email). You can find a comprehensive list in the [Residents Contact Pack](#). You can also find some local groups listed on pages 8 – 9 of this pack. If someone is going to the shops for you, most supermarkets have ways you can pay for your shopping such as e-vouchers or gift cards. You can buy these online and the person shopping for you can use them in store. Details can be found on page 63.

You can also contact the Essex Wellbeing Service who have volunteers who can help – call 0300 303 9988.

WEARING A FACE COVERING OR MASK

In the context of the coronavirus (COVID-19) outbreak, a face covering is something which safely covers the nose and mouth. You can buy reusable or single-use face coverings. You may also use a scarf, bandana, religious garment or hand-made cloth covering but these must securely fit round the side of the face.

Face coverings are not classified as PPE (personal protective equipment) which is used in a limited number of settings to protect wearers against hazards and risks, such as surgical masks or respirators used in medical and industrial settings.

Face coverings are instead largely intended to protect others, not the wearer, against the spread of infection because they cover the nose and mouth, which are the main confirmed sources of transmission of virus that causes coronavirus infection (COVID-19).

In England you must wear a face covering by law on

- public transport.
- indoor transport hubs (airports, rail and tram stations and terminals, maritime ports and terminals, bus and coach stations and terminals).
- shops and supermarkets (places which are open to the public and that wholly or mainly offer goods or services for retail sale or hire).
- indoor shopping centres.

- banks, building societies, and post offices (including credit unions, short-term loan providers, savings clubs and money service businesses).
- funeral directors.
- premises providing professional, legal or financial services.
- cinemas, theatres, bingo halls, concert halls.
- museums, galleries, aquariums, indoor zoos or visitor farms, or other indoor tourist, heritage or cultural sites.
- nail, beauty, hair salons and barbers - other than where necessary to remove for treatments.
- massage parlours.
- public areas in hotels and hostels.
- places of worship.
- libraries and public reading rooms.
- community centres, social clubs.
- tattoo and piercing parlours.
- indoor entertainment venues (amusement arcades, funfairs, adventure activities e.g. laser quest, go-karting, escape rooms, heritage sites etc).
- storage and distribution facilities.
- veterinary services.
- auction houses.

You are also strongly encouraged to wear

a face covering in other enclosed public spaces where social distancing may be difficult and where you meet people you do not normally meet.

Face coverings are also needed in NHS settings, including hospitals and primary or community care settings, such as GP surgeries. They are advised to be worn in care homes.

Individual settings may have their own policies and require you to take other measures.

Face coverings do not replace social distancing. If you have symptoms of COVID-19 (cough, and/or high temperature, and/or loss of, or change in, your normal sense of smell or taste - anosmia), you and your household must isolate at home: wearing a face covering does not change this. You should arrange to have a test to see if you have COVID-19.

Face coverings should not be used by children under the age of 3 or those who may find it difficult to manage them correctly.

It is important to use face coverings properly and wash your hands before putting them on and taking them off.

NEW FACE MASK RULES

- Customers inside pubs, restaurants and cafes must now wear a face mask except when seated to eat or drink.
- Face coverings must be worn by shop staff, taxi drivers and passengers.
- Penalties for not wearing a mask are now £200

[Use this link](#) for help making your own face mask.

[8 key messages about PPE](#) from making and washing face coverings to how to bin used masks and gloves (not in recycling!)

[Explaining PPE to children](#)

[Colchester Community Mask/Face Covering Tree](#)

EXEMPTION CARDS

Those who have an age, health or disability reason for not wearing a face covering should not be routinely asked to give any written evidence of this, this includes exemption cards.

No person needs to seek advice or request a letter from a medical professional about their reason for not wearing a face covering.

Some people may feel more comfortable showing something that says they do not have to wear a face covering. This could be in the form of an exemption card, badge or even a home-made sign.

This is a personal choice and is not necessary in law.

[Exemption card templates.](#)

MAINTAINING AND DISPOSING OF FACE COVERINGS

- Do not touch the front of the face covering, or the part of the face covering that has been in contact with your mouth and nose.
- Once removed, store reusable face coverings in a plastic bag until you have an opportunity to wash them. If the face covering is single use, dispose of it in a residual waste bin. Do not put them in a recycling bin.
- Make sure you clean any surfaces the face covering has touched using normal household cleaning products.
- If eating in a café, for example, it is important that you do not place the face covering on the table.
- Wash your face covering regularly and follow the washing instructions for the fabric. You can use your normal detergent. You can wash and dry it with other laundry. You must throw away your face covering if it is damaged.

A COLD, THE FLU OR CORONAVIRUS?

Colds, flu and Coronavirus are caused by different viruses, but can have similar symptoms.

It can be hard to tell which one you may have.

Coronavirus

Most people who feel ill with coronavirus will have at least one of the key symptoms:

- a high temperature of 37.8C or above
- a new, continuous cough (usually dry). Coughing a lot, for more than an hour, or 3 or more coughing episodes on 24 hours
- a loss or change to their sense of smell or taste. Meaning you can not taste or smell anything, or things small or taste different to normal

Colds

The most common symptoms of a cold are sneezing, aches and pains, a runny or stuffy nose and sore throat. A mild cough can be experienced. There is sometimes fatigue, and it is rare to experience a fever or headaches. Colds do not cause diarrhoea. The NHS states that with a cold there is usually a gradual onset of symptoms.

Flu

Flu most commonly consists of a fever, fatigue, a dry cough, aches and pains and headaches. Patients will sometimes

experience a runny or stuffy nose or a sore throat. Diarrhoea can sometimes occur in children. There is no sneezing or shortness of breath with flu, and the NHS suggests there is usually a rapid onset of symptoms.

TOP FIVE CORONAVIRUS SYMPTOMS IN CHILDREN

Experts say parents should look out for the following symptoms:

- Fever 37,8C or higher
- Sore throat
- New uncontrolled cough that causes difficulty in breathing. (for a child with chronic allergic/asthmatic cough, see if there is a difference from their usual cough)
- Diarrhoea, vomiting or stomach-ache
- New onset of severe headache especially with a fever.

Symptoms	Coronavirus Symptoms range from mild to severe	Flu Rapid onset of symptoms	Cold Gradual onset of symptoms
Fever 37.8C or above	Common	Common	Rare
Cough	Common	Common	Mild
Loss of taste and smell	Sudden	Rare	Sometimes
Fatigue	Sometimes	Common	Sometimes
Headaches	Sometimes	Common	Rare
Aches and pains	Sometimes	Common	Common
Runny / stuffy nose	Rare	Sometimes	Common
Sore throat	Sometimes	Sometimes	Common
Sneezing	No	No	Common
Shortness of breath	Sometimes	No	No
Diarrhoea	Sometimes for children	Sometimes especially for children	No

HM Government

NHS
Test and Trace

**I'm getting
a test now.
For you.**

If you have symptoms, don't leave home except to get a test. Stop the spread.

Book a test now at
nhs.uk/coronavirus or call 119

**STAY ALERT
CONTROL
THE VIRUS
SAVE LIVES**

NHS TEST AND TRACE SERVICE

Test and Trace traces the spread of the virus, isolates new infections and plays a vital role in giving an early warning if the virus is increasing again, locally or nationally.

When to self-isolate

The medical advice is clear: you must self-isolate if you have coronavirus symptoms or live in the same household as somebody who does. The main symptoms of coronavirus are:

- High temperature – this means you feel hot to touch on your chest or back (you do not need to measure your temperature).
- New, continuous cough – this means coughing a lot for more than an hour, or 3 or more coughing episodes in 24 hours (if you usually have a cough, it may be worse than usual).
- Loss or change to your sense of smell or taste – this means you've noticed you cannot smell or taste anything, or things smell or taste different to normal.

For more information read [Check if you have coronavirus symptoms](#).

If you have one or more of these symptoms, you must self-isolate straight away for 7 days – or longer if you still have symptoms other than cough or loss of sense of smell/taste. Do not go to a GP surgery, pharmacy or hospital.

If you live in the same household as someone with coronavirus symptoms, you must self-isolate straight away for 14 days.

How to order a test

Please book a test as soon as possible after you develop symptoms to find out if you have coronavirus. The sooner you have a test, the sooner you will know if you and other members of your household must remain in self-isolation.

You can order a test through the NHS website. [Ask for a coronavirus test](#).

If you are an essential worker or an employer, please visit:

[Essential workers - apply for a coronavirus test](#).

[Employers - apply for a coronavirus test](#).

If you don't have access to the internet, you can order a test by phoning 119.

[You can use this link for more information on the testing](#)

There are now many ways to be tested including drive through centres, mobile testing units, home testing kits and dedicated testing centres for NHS and those working in care settings. When you order a test, you will get information on the options available.

The aim is to provide results within 48 hours of taking a test, but some results may take longer.

You will get your results by text, email or phone – and the message will advise you about what to do next.

If you develop symptoms, you may want to tell people with whom you have had close contact with in the last 48 hours. You should tell them that you might have coronavirus but are waiting for a test result.

At this stage (until the test result is known), those people do not need to self-isolate, but they should take extra care in practising social distancing and good hygiene, like washing their hands regularly. They should also watch out for their own symptoms.

If you test negative.

If you get a negative test result, this means you are at low risk of having coronavirus.

Other members of your household can stop self-isolating. If you feel well and no longer have symptoms like coronavirus, you can stop self-isolating.

If you test positive.

If you get a positive test result, this means that when you took the test, you had coronavirus. You – and other members of your household – must continue to self-isolate.

You will be contacted by the NHS Test and Trace team and asked to share information about any close contacts you had just before or after you developed symptoms. This is vital to help stop the spread of the virus.

Contact tracers will:

- Call you from 0300 013 5000.
- Send you text messages from 'NHS'.
- Ask you to sign into the [NHS test and trace contact tracing website](#).
- Ask for your full name and date of birth to confirm your identity, and postcode to offer support while self-isolating.
- Ask about the coronavirus symptoms you have been experiencing.
- Ask you to provide the name, telephone number and/or email address of anyone you have had close contact with in the 2 days prior to your symptoms starting. Close contact means having face-to-face contact with someone (less than 1 metre away), spending more than 15 minutes within 2 metres of someone,

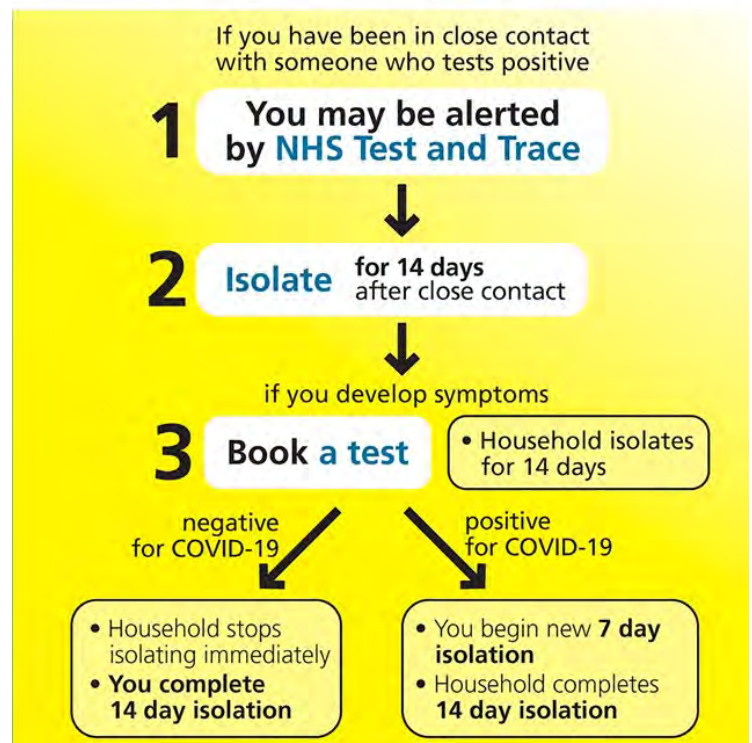

travelling in a car or other small vehicle with someone (even on a short journey) or close to them on a plane.

- If you work in, or have recently visited, a setting with other people (for example a GP surgery, a school or a workplace).
- Ask if anyone you have been in contact with is under 18 or lives outside England.

LOCAL OUTBREAK CONTROL PLAN

Alongside the national NHS Test and Trace service, there is a requirement from the Government for local test and trace systems to be established. A plan is in place for the Essex and Southend contact tracing service.

[Local outbreak control plan for Essex](#)

CONTACT TRACERS WILL NEVER:

- Ask you to dial a premium rate number to speak to us (for example, those starting 09 or 087).
- Ask you to make any form of payment or purchase a product or any kind.
- Ask for any details about your bank account.
- Ask for your social media identities or login details, or those of your contacts.
- Ask you for any passwords or PINs or ask you to set up any passwords or PINs over the phone.
- Disclose any of your personal or medical information to your contacts.
- Provide medical advice on the treatment of any potential coronavirus symptoms.
- Ask you to download any software to your PC or ask you to hand over control of your PC, smartphone or tablet to anyone else.
- Ask you to access any website that does not belong to the government or NHS.

Alongside the national NHS Test and Trace service, there is a requirement from Government for local test and trace systems to be established. Locally this will be run by Essex County Council and is

being delivered in partnership with the Public Health England (PHE) regional team, ACE and PROVIDE as well as PHE local health protection team.

What will the local tracing service be responsible for?

The local test and trace teams will be responsible for “complex cases” in places such as schools, care homes, large or complex businesses and vulnerable groups/ places.

Specific outbreak control plans have been developed with PHE, for these complex cases.

Essex have also been required to submit a Local Outbreak Control Plan – this is based on three key strands: Prevent, Respond, Support.

Where there is higher risk of an outbreak developing, case information will be passed to local teams. There are different protocols for different places or settings.

Identifying those at significant risk of infection and removing them from a place or setting can stop outbreaks developing. By taking action, the spread of coronavirus can be prevented.

In cases where this may happen in schools for example, the contact tracers will contact the head teacher. For a workplace it will be the manager of the workplace who will be contacted.

NHS COVID-19 APP

The NHS COVID-19 app is part of the large scale coronavirus (COVID-19) testing and contact tracing programme called the NHS Test and Trace service

The app will be used, alongside traditional contact tracing, to notify users if they come into contact with someone who later tests positive for coronavirus. The app allows people to report symptoms, order a coronavirus test, check in to venues by scanning a QR code and it helps the NHS trace individuals that may have coronavirus.

The app will help the NHS understand if the virus is spreading in a particular area, and so local authorities can respond quickly to stop it spreading further and save lives. The app does this while protecting a user's anonymity. Nobody, including the government, will know who or where a particular user is.

The importance of the app

Every person who downloads the app will be helping in the fight against coronavirus (COVID-19). The app will help the NHS understand where and how quickly the virus is spreading, so it can respond quickly and effectively. The app helps the NHS track the virus, not individuals.

App Data

Every person who downloads the app will be helping in the fight against coronavirus (COVID-19). The app will help the NHS

understand where and how quickly the virus is spreading, so it can respond quickly and effectively. The app helps the NHS track the virus, not individuals.

Benefits of app contact tracing

The app helps trace app users who have spent time near other app users, who they may not personally know, and who later test positive for coronavirus. The "Check-in" feature supports this functionality by anonymously alerting users who have been at the same venue at the same time. App contact tracing reduces the time it takes to alert those who you have been in close contact with.

The infographic features a blue header with the NHS logo and the text "NHS COVID-19 app features". Below the header, a smartphone displays the app interface with the text "This app helps us keep each other safe". The main body of the infographic is divided into six sections, each with an icon and a brief description:

- Trace:** Get alerted if you've been near other app users who have tested positive for coronavirus.
- Alert:** Lets you know the level of coronavirus risk in your postcode district.
- Check-in:** Get alerted if you have recently visited a venue where you may have come into contact with coronavirus.
- Symptoms:** Check if you have coronavirus symptoms and see if you need to order a free test.
- Test:** Helps you book a test and get your result.
- Isolate:** Keep track of your self-isolation countdown and access relevant advice.

At the bottom, it says: "To download the NHS COVID-19 app, search for 'NHS COVID-19' in the App Store / Google Play Store on your phone".

How the app supports you

If you choose to download the app, there are six key features that will help you and your community. They will help to reduce your personal risk and the public's risk too.

Trace

For contact tracing, the app detects and logs other nearby app users using random unique IDs. If any of those users later test positive for coronavirus (COVID-19), you will receive an exposure alert with advice on what to do. If you are under 18, you are advised to show this alert to a trusted adult.

Alert

When you first register for the app you will be asked for the first half of your postcode. You can check the app every day to see whether where you live has become a high risk area for coronavirus. If it is, you will also receive a notification to let you know. This will help you make daily decisions to protect yourself and those you love.

Check-in

The app allows you to record when you visit a venue by "checking-in" when you arrive, using the venue's QR code. The app records the time you spend at the venue without recording any personal information. You will receive an alert, if you have recently visited a venue where you have come into contact with coronavirus.

Symptoms

If you feel unwell, you can use the app to check if your symptoms could be related to coronavirus (COVID-19). The app will give you a list of potential symptoms and you can then choose the ones that apply to you. It will then tell you if your symptoms suggest you have coronavirus.

Test

If you have coronavirus symptoms, the app will take you to a website where you can book a test to see if you have coronavirus or not.

Isolate

If you have been advised by the app to self-isolate, the app provides a countdown timer so that you can keep track of how long you need to self-isolate. When you reach the end of your self-isolation period, the app will send you a notification reminder with a link to the latest advice for you. If you are under 18, you are advised to show this message to a trusted adult.

By all using this app we can help keep ourselves and the public that much safer from the risks of Covid-19. But remember, just because you have the app doesn't mean the end of Hands – Face – Space so please frequently wash your hands and avoid common touchpoints, wear a mask when needed, and stay two metres (or 'one metre plus') away from others.

What do the local lockdown restrictions mean?

So that more people can lead lives closer to normal, the Government is replacing national restrictions with local action to contain local outbreaks.

Where increased local transmission of COVID-19 is identified, areas may be required to take additional measures to reduce the spread of the virus.

Both the government and local authorities, will be able to impose a range of different restrictions

- from closing down individual premises to preventing people from going to a particular outdoor space.

Should Colchester or areas of Colchester go into lockdown you will find information here, on [Colchester Borough Councils website](#).

HELP AVOID A LOCAL LOCKDOWN IN COLCHESTER

Coronavirus has not gone away. Please continue to play your part to avoid a local lockdown by:

- Following social distancing of two metres wherever you can.
- Staying at home and getting a free test if you have any symptoms of coronavirus – a persistent cough, high temperature or loss of taste or smell.
- Self-isolating if anyone in your household has symptoms.
- Wash hands regularly.
- Wearing a face covering over your nose and mouth in specific indoor settings if applicable.

The current guidance on staying safe outside your home can be found on the [GOV.UK website](https://www.gov.uk).

You can also find advice on how to reduce the transmission of coronavirus here.

Whilst we are not expecting a local lockdown, we cannot predict exactly what might happen if there were an outbreak of coronavirus in Colchester. Looking at what has happened elsewhere in the country, here is an idea of what we might expect if a local lockdown was needed:

- Non-essential shops and services

closing down again

- Schools partially or completely closing to all except key workers' children
- Shielding required again
- Stay at home messaging
- Only essential travel permitted
- Additional local support for testing and tracing from Public Health England.

BE PREPARED

Whilst we do not know if, when or where a lockdown may be needed, we do know it could happen very quickly. Would you be prepared? Here are some ideas of things you might like to consider:

- Do you know which local groups are available if you needed help or support in your area? Details of support can be found on pages 8 and 9 of this pack.
- Would you like support to get online so you can order supplies and keep in touch with others? Details of Colchester Borough Councils Digital Access Team can be found on page 6 of this pack.
- Do you have enough basic supplies including medicines, soap/hand sanitiser, face masks (if applicable) etc?
- Do you need help with shopping or getting medicines in the event of

another lockdown? Talk to family and friends or contact Community360 at information@community360.org.uk

- How might your needs be different in a winter lockdown?
- What could you do to keep mentally and physically active?

- If you or someone you know needs support this pack contains lots of useful information and details of local organisations who can provide support for everyone's health and wellbeing. Further information can be found at Colchester.gov.uk/coronavirus

BAME AND TRANSLATED ADVICE FOR NON ENGLISH SPEAKING RESIDENTS

Know the risks

Maintain good hygiene

Protect yourself and others

Stay healthy

Talk about your concerns

Dr's of the World - Latest Government advice translated into 60 languages

Doctors of the World is pleased to be able to offer coronavirus (COVID-19) translated resources in 60 languages, which were produced in partnership with the Red Cross.

New wellbeing guidance with tips and advice for migrants is now available in 27 languages [here](#).

COVID-19 infographics. Created by a group of doctors, medical students and volunteers, infographics to help summarise key points about COVID-19 in a variety of languages to get the right information, in an easy to understand format, to these communities.

ECC Advice for people from Black, Asian and minority ethnic backgrounds. Research by Public Health England shows that if you are from a

Black, Asian or minority ethnic background you are at a greater risk of both catching, becoming seriously ill and dying from coronavirus (COVID-19).

Find some things you and others can do to protect yourself and your family from coronavirus in 8 different languages.

GMCVO Information and advice. The Greater Manchester Centre for Voluntary Organisation (GMCVO) has collected coronavirus information and sources of support. These include links to audio and written translated guidance for Black, Asian and Minority Ethnic (BAME) communities.

Translated COVID phrasebook for workers to share and edit. Migration Yorkshire has produced a “COVID phrasebook” resource, offering line by line editable translations, covering various areas of life under coronavirus.

This first version is available initially 12 languages, with more to follow, and covers national guidance, health and hygiene, returning to school, support bubbles, shielding, face coverings, travel, life events and work.

Advice for migrants. The East of England Strategic Migration Partnership (SMP) have produced COVID-19 information for migrants. This covers healthcare, settlement, visas and checks, and translated guidance on staying safe and seeking help during the outbreak.

Translated face covering guidance. Suffolk County Council produced these translated guidance documents around face coverings. English, Arabic, French, Kurdish Sorani, Lithuanian, Pashto, Polish, Portuguese, Romanian, Russian, Spanish, Tigrinya (English is alongside the translated message).

Coronavirus and work FAQ's translated by the Work Rights Centre. If you need to know how your rights are affected by the COVID-19 pandemic they have addressed the most common issues on this page. English, Română, Português, Русский, Polski, Български, Italiano, Español.

Shareable and editable TEST and RRACE translated information in 19 languages and English. Migration Yorkshire has translated Test and Trace information in the following languages.

Albanian, Arabic, Amharic, Bengali, Czech, Chinese (Mandarin), Farsi, French, German, Italian, Japanese, Kurdish Sorani, Lithuanian, Polish, Portuguese, Romanian, Russian, Spanish, Tigrinya.

What we must all continue to do to keep safe - translated. Stick With It Suffolk is a campaign highlighting what we must all continue doing, to keep each other safe and to defeat the coronavirus. This information is available in the following languages. Arabic, French, Kurdish, Lithuanian, Polish, Portuguese,

Pashto, Romanian, Russian, Spanish, Tigrinya.

Wearing a face covering in 11

languages. Suffolk County Council have produced translated guidance on wearing face coverings in 11 languages: Arabic, French, Kurdish (Sorani), Lithuanian, Pashto, Polish, Portuguese, Romanian, Russian, Spanish, Tigrinya.

Quarantine rules for travel, explained in Arabic.

Domestic abuse: get help during the coronavirus (COVID-19) outbreak.

Translated and easy read versions of guidance on getting help if you or someone you know is a victim of domestic abuse.

Access support for domestic abuse during COVID: simple advice translated.

Migration Yorkshire has produced simple information on how to access domestic abuse services for people who feel unsafe in their home during covid-19

Information is available in Albanian, Amharic, Arabic, Bosnian, English, Farsi, French, Hungarian Italian, Kurdish Sorani, Lithuanian, Mandarin, Polish, Romanian, Spanish, Tigrinya - with more languages to come.

Test and Trace videos in 14 languages - Peterborough Council.

These videos have been produced by Peterborough City Council and contain references to local

provision, but maybe useful to share with communities with local information to help get the basics of Test and Trace.

Modern slavery and C19: What to look out for and how to get help - translated into 11 languages.

Translated guidance on Modern Slavery. English, Arabic, Amharic, Kurdish, Farsi, Albanian, Hungarian, Polish, Romanian, Spanish, Urdu, Mandarin.

Resources and links in South Asian languages providing advice during the coronavirus pandemic.

Gypsy, Roma Travellers. Guidance for people who live on Traveller sites, live on the roadside in vehicles or live on canal boats who have symptoms of coronavirus.

Stay well this winter - the national flu campaign. Download or order resources, such as leaflets, posters, guides and resource packs for all campaigns

Flu vaccination for children: leaflets and posters. Information and promotional resources to support the annual flu vaccination programme.

VOLUNTEERING

Even with lockdown easing the call upon volunteers is likely to continue and may increase if we go into a local lockdown. Those classed as clinically vulnerable still need help and the relaxation of some measures can create anxiety, with some people not having the confidence to go out.

If you would like to volunteer to support Colchester's vulnerable residents, organisations/ charities or just generally help during the ongoing coronavirus crisis please contact Community360 at information@community360.org.uk or call 01206 505250

COMMUNITY360

Community360, has been supporting the most vulnerable during the pandemic has pledged to carry on helping those who need assistance across the county.

The Government's advice is now that the vulnerable and 'at risk' groups no longer have to shield. Instead the advice is that social distancing should be maintained and to still take care to minimise contact with others outside your household or bubble.

Since the outbreak started:

Community360 has been extremely busy and registered an extra 300 volunteers for essential tasks for the most vulnerable people in Colchester's community.

Community360 also need your help. They need PPE including masks, gloves and aprons for hospital discharge work and volunteers. If you can help, please contact them at the email address opposite.

Supporting with a wide range of tasks from phoning people who are on their own for a chat, to collecting and delivering essential medicines and food.

With shielding officially paused, C360 recognise a lot of people will still be extremely worried about leaving the house. The elderly in particular may still not feel comfortable about resuming shopping trips or visiting pharmacies for example.

Government guidance still stresses the need to exercise caution and to still avoid contact with people outside of their family units.

Social isolation has not gone away either, that is why the befriending telephone service they initiated during the pandemic will continue to operate which has been a lifeline for many.

They will also still be supporting the discharge of patients from the hospital and carrying out follow up welfare calls, as well as offering our Transport Service in Colchester and Maldon, which includes prescription delivery for a nominal charge.

The charity is urging people to stay safe and take care as they venture out for the first time. The 'doorstep buddy' service will

work with people to help them get used to being more mobile again, in stages, and increase their confidence over time.

To find out more about local voluntary groups and Community360's projects, call their team of social prescribers on 01206 505250 or email information@community360.org.uk

If you are also able to help others in your community, please call or email them.

[Sign up for regular updates from Community360.](#)

The social prescribers have been working throughout the pandemic to connect people to the support services they need.

'Finding your Feet Walks' has also recommenced at Castle Park Colchester, which takes place every Wednesday at 11am and Coggeshall, Mondays from 1.30pm-2.30pm pm. Meet at the

GP surgery car park. Finchingfield on Fridays from 10.00am-11.00am. Meet on Finchingfield Green and Witham on Fridays from 1.30am – 2.30pm.

Meet in the car park behind Tesco's.

VOLUNTEER ESSEX

Registration is now OPEN for any residents or businesses who want to volunteer in their local area. By using one of the forms below, your details will be passed directly to the group or groups that are operating near to you:

[INDIVIDUALS BUSINESSES](#)

[FACEBOOK GROUPS / VOLUNTEERING GROUPS](#)

[INVOLVING AND MANAGING VOLUNTEERS DURING THE](#)

[CORONAVIRUS PANDEMIC](#) This website provides a wealth of information on working with volunteers during the current pandemic - from safeguarding, DBS checks, data protection, paying for goods and services and much more.

PLEASE REMEMBER TO MAKE YOUR KINDNESS

- **CLEAN:** wash your hands for 20 seconds with warm soapy water before and after every contact. (Watch the NHS video on how to wash your hands properly [here](#).)
- **CLEAR:** be clear about what you can and can't offer. If you are unsure say no.
- **CONTACTLESS:** Think about your safety first and the person you are supporting. Don't touch other people and wash hands after touching surfaces.

VOLUNTEER CODE OF PRACTICE

DO

- Practice infection control measures, including social distancing and wearing PPE (where advised).
- Visibly display your identification.
- Be courteous, recognise vulnerable people may be stressed and anxious.
- Respect people's needs, culture and customs.
- Maintain confidentiality.
- If using your own vehicle, ensure this is done so safely and legally.
- Carry your mobile phone and ensure someone knows where you are.

DON'T

- Continue volunteering if you develop symptoms.
- Go into people's houses.
- Take any payment for services or goods provided, unless following specific instruction.
- Offer advice on benefits.
- Fill in forms on their behalf.
- Request any personal or financial information about the people you visit.
- Offer services beyond those instructions you have received, including childcare or personal care.
- Contact or meet vulnerable people,

except to carry out tasks you have been asked to perform.

- Share any personal information you have been given, including posting information on social media relating to vulnerable people, staff or other volunteers.

A GUIDE FOR COVID-19 RESPONDERS

For anyone in a supportive role during the pandemic from NHS workers to volunteers this guide covers topics such as Your well-being, Supportive communication in everyday interactions and supporting people who are experiencing stress. These basic skills are at the core of supporting the emotional well-being of others during this challenging time.

The guide will show you how to use these skills to look after yourself and how to help others feel supported through your interactions.

THINGS TO CONSIDER WHEN VOLUNTEERING

Consider, are you well enough to volunteer? Your safety and limiting the spread of the virus is a priority. Don't put yourself or others at unnecessary risk.

Hand hygiene is critical: Ensure you have access to handwashing facilities before and after every contact, or use hand sanitiser with 60% alcohol.

Delivering shopping and prescriptions: Leave shopping and prescriptions at the doorstep. Knock at the door and wait 2m away. Wash or clean hands with sanitiser.

Money: Coronavirus can live on money for 24hrs. Where possible use electronic banking or shopping e-cards. Do not take credit or debit cards or PIN numbers. If possible, wear gloves when handling money. Always clean your hands afterwards.

Lack of response: If you are supporting an elderly or vulnerable person you need to have an agreement on what to do if you arrive and there is no response. This will differ from person to person.

Other things to remember: People may well be lonely and may want you to come in and have a chat. You need to say no if you are going to protect them. You could stop and have chat at their doorstep as long as you are 2m away. You can also swap telephone numbers and let them know you are available for a chat if they are feeling anxious or lonely.

What you need to know about data protection

If you have formed a community group, this may be the first time you have had to think about data protection. Put simply, the law is a set of sensible standards that will help you handle people's information responsibly. That means taking proper care of things like people's names and addresses as well as more sensitive information about health or religion.

Safeguarding guidance

A factsheet designed to address specific concerns that people involved in supporting their community may have at this time.

The government has produced several publications and advice on how to help others safely.

Coronavirus: How to help safely.

COVID-19 guidance for voluntary, community and social enterprise.

FUNDING OPPORTUNITIES FOR COMMUNITY GROUPS AND CHARITIES

National Lottery Community Fund priorities COVID-19 projects.

The National Lottery Community Fund will give priority to:

- Organisations supporting people who are at high risk from COVID-19.
- Organisations supporting communities most likely to face increased demand and challenges as a direct result of COVID-19.
- Organisations with high potential to support communities with the direct and indirect impact of COVID-19.

For further information and to apply click [here](#).

TESCO Bags of Help COVID-19 Communities Fund accepting UK applications.

Fund to support organisational needs rather than fund specific projects.

Applications will be accepted from organisations such as women's refuges, food banks, hospices, homeless charities, charities supporting the elderly, and charities supporting children's activities. This list is not exhaustive and other organisational types will be considered.

For further information and to apply click [here](#).

Barclays - Employee Matched Donations programme.

A £50 million commitment. Barclays will match an individual colleague's donations to charities working to support vulnerable people impacted by COVID-19, and in alleviating the associated social and economic hardship caused by the crisis.

A colleague may select a charity of his or her choice for their donation and matching programme, provided the charity is officially registered, and is engaged in supporting communities impacted by COVID-19. For further information click [here](#).

Morrisons Foundation - COVID-19 Homeless Support Fund.

Registered charities who care for the homeless can apply for support to cover the following broad areas:

- Outreach and support for rough sleepers, including provision of essentials.
- Delivery of services in hostels and shelters.
- Information and advice

For more information and to apply click [here](#)

Essex Community Foundation **Emergency Grants**

Initially grants of up to £15,000 will be available. Priority will be given to those delivering vital services to older and vulnerable people, organisations helping to relieve pressure on public services and those co-ordinating a local community response.

What can be funded?

- Projects that have been established due to an increase in demand as a direct response to the pandemic.
- Projects that have been changed, or adapted, as a direct response to the pandemic and where additional costs are being incurred.
- Organisations that have experienced a loss of funding as a direct result of the pandemic.
- Organisations who have had their operations impacted by the pandemic.

Fund launches for Mental Health Charities dealing with increased demand during Coronavirus crisis.

A £5 million funding pot has been made available to enable England-based mental health organisations from the voluntary and community sector to deal with the increase in need for their services arising from the coronavirus crisis.

Organisations can apply for funding to:

- Scale up existing activities
- Adapt existing activities
- Introduce new activities

For more information click [here](#).

Good Finance - A guide for navigating funding possibilities during COVID-19

A great site to find out about possible funding possibilities during the pandemic. From emergency finance, tips on fundraising and webinars.

Coronavirus Mental Health Response Fund

Mind are holding £5m worth of funding for voluntary sector organisations to apply for that are supporting mental health services. Grants of £20k and £50k are on offer and it is a streamlined application process taking roughly 60min to complete. The website clearly details how to apply, with application guidance.

Colchester Rotary Club

Members have decided to set aside up to £15,000 which will be distributed to local groups who they believe are struggling for funding during the Covid-19 outbreak. [To apply and find out more click here.](#)

EMPLOYMENT, FINANCIAL SUPPORT AND MONEY

Colchester Citizens Advice

Citizens Advice is now offering a telephone and email service. Telephone 0300 330 2140, Monday - Friday, 10am - 4pm. Email advice.colchester@cabnet.org.uk Get help claiming Universal Credit contact free national helpline on 0800 144 84444

Universal Credit: New claims to Universal credit should be done online where possible. Customers do not need to call DWP to arrange an appointment and they should not attend the Jobcentre. If teams need more information, they will call back claimants.

The DWP@s Employment and Benefits Support Website the latest guidance and messages on sick pay, existing benefit claims, new claims to benefit, self-employment, housing and more.

HMRC Help and Support

Employers in particular may wish to **register to receive help and support from HMRC**. Individuals and businesses can sign up to receive email alerts about a range of help and support products that are available. These include live and recorded webinars, YouTube videos and online guides

The Skills Tool Kit

A new online learning platform to help boost the nation's skills while people are staying at home. Free courses are available through a new online platform hosted on the gov.uk website. Called The Skills Toolkit, the new platform gives people access to free,

high- quality digital and numeracy courses to help build up their skills, progress in work and boost their job prospects.

SIGNPOST

Based at Greenstead Library - Signpost are no longer able to provide face to face services but continue to provide support for the community.

Their HeadsUp service is for anyone who is unemployed and who has experienced common mental health problems such as anxiety and/or depression. Clare, the Peer Support Worker, is on hand via the phone and email, to provide one to one support and mentoring. You can self-refer by calling the number below, or Clare on 07801 329321. Also offer help with improving digital skills writing CV's.

COLCHESTER FOOD BANK

List of Colchester Foodbank Referral Agents.

Please be aware that this list is changing daily. Please contact the Foodbank Referral Agent from the list and you will be given further information on obtaining a Foodbank Voucher.

Colchester Food Bank

E: info@colchester.foodbank.org.uk

T: 01206 621998

Moorside Foodbank, Moorside Business Park, Eastgate, 33 Moorside, Colchester, CO1 2ZF. Open Mon—Sat 10am—2pm. Closed Sun.

Greenstead Foodbank

Open Tuesdays and Thursdays 10am—12 noon

Stanway Foodbank

St Andrews Hall, Corner of Church Lane, London Rd, Stanway, CO3 8LR. Open every Tuesday 11am—1pm

FOODBANK VOUCHERS

The process for obtaining a food voucher is:

Residents contact a referral agency, who will then take some basic details to complete the voucher application. This will help to identify the cause of the crisis and offer practical guidance. It also means they can prepare suitable emergency food for the right number of people.

Once someone has been issued with a voucher, they can exchange this for three days of emergency food at their nearest foodbank centre.

UTILITIES

Pre-Payment cards

If you have payment cards for your electric, please see the following advice. This [link](#) has some good information on what each energy company is doing to support their customers, currently.

You can ask for pre-loaded payment cards to be sent to your house. Most energy companies have put a hold on any debt too.

ANGLIAN WATER

Have free Priority Register for the most vulnerable that provides the practical support. Aimed at a wide range of people, from those with sight, hearing or mobility difficulties, to parents with babies under 12 months old. Offers a wide range of support, such as reading meters for customers who find it difficult and sending out bills in Braille. Or if someone's struggling to pay a bill, they can set up payment plans or look at switching to a tariff that's a better fit. The website also has tips for saving water.

ESSEX LIBRARIES ONLINE

You can borrow eBooks or audiobooks free from Essex Libraries online. You need to download the app 'Borrowbox' and use your public library card to login in. It will ask you for your password which is usually your date of birth. You can join the public

library online if you don't already have a membership card.

UK POWER NETWORKS

If you need information on a power cut, you can, visit Power Cut Map for [live updates](#), tweet them at @UKPowerNetworks or telephone customer service team, 24 hours a day, on 105 or 0800 3163 105. Calls are free from a landline or mobile phone.

If you live in London, the East or South East of England, then being on the Priority Services Register will ensure you will receive extra support if you experience a power cut.

There are over 20 ways to get in touch including our website, on Twitter @ukpowernetworks, or call 105

Energy Supplies: Here you can find advice and answers to questions you may have on managing your energy supply during the outbreak. Information will continue to be updated.

www.ofgem.gov.uk/coronavirus-covid-19/coronavirus-covid-19-and-your-energy-supply

Tips for saving energy can be found here [Energy Saving Trust](#) and [uswitch](#)

CBC SERVICE UPDATES

Due to Coronavirus some of our services are currently disrupted. Check www.colchester.gov.uk/coronavirus regularly for updates on what services are running as normal, are disrupted, or closed

NORMAL

Benefits and Local Council Tax

Housing support, benefits and Council Tax services are operating as normal.

HELPLINE

Helpline is running as normal to provide an alarm, response and monitoring service for older and vulnerable people living in Colchester and North Essex. Call 01206 769799 or visit helplineplus.co.uk

Community Services

CBC's Community Response team can be contacted at communities@colchester.gov.uk

Community 360 are supporting residents in need with food and medical supplies.

Parking

All our car parks are open, and we encourage visitors to use MiPermit to make contactless payments.

Business Support

Please see our [dedicated pages](#) for more information on how we are supporting

businesses.

Parks and Countryside Sites

All council parks and open spaces are open to the public – please abide by the government's social distance guidelines. Castle Park has restricted opening hours and only one public toilet is open. High Woods Country Park Visitor Centre is now open.

Recycling and Rubbish

Rubbish and recycling collections have returned to normal, except textiles which are suspended until further notice. Check your [2020/21 Recycling Calendar](#) for your collection schedule. Clinical waste, assisted collections, existing rubbish limit exemptions, litter bin and dog waste bin emptying is continuing. Fly-tipping investigations will continue where possible.

Charter Market

The Market will be on the High Street on Fridays and throughout the town centre weekly from between 7am and 4pm. We ask that all residents and visitors continue to follow social distancing advice when shopping locally. If you are unable to visit the town centre, many of our traders have adapted to online selling or delivery services. Follow [@ColchMarket](#) on Facebook, Twitter and Instagram for updates and information.

Colchester Castle

Colchester Castle is now open. To visit you will need to reserve a time slot in advance. Please call 01206 282939 to book. Please note face masks are mandatory.

Leisure Services

Colchester's Leisure World and Tennis Centre are open. Facilities that are now open include the leisure pool, Activa gym and the fitness pool. Customers will need to [book a session online](#) for all activities before visiting the centre.

Beach Huts

Beach Huts in West Mersea are open, however users must comply with the Government's guidelines and social distancing rules to protect themselves and others from the spread of coronavirus.

Allotments

Colchester allotment sites are open for tenants. Please visit the [National Allotments Society website](#) for updates and FAQ's about allotments during the COVID-19 outbreak.

DISTRUPTED

Environmental Protection

We are currently only providing a pest control service for wasps and external treatment for rats within your property boundary. Where pest control treatment work is still in progress, we will re-schedule visits to your home as soon as we are able. You can still report an environmental issue however we are currently not carrying out visits where we need to enter a person's home.

Our Weekend Noise Service has been suspended however you can report a noise nuisance by emailing us at environmentalprotectionteam@colchester.gov.uk. Please [see our dedicated advice page](#) for more information

Private Sector Housing

Your landlord still has a duty to comply with legal obligations to ensure that your property safe. They should continue to undertake routine checks.

New legislation has changed the way your landlord can end a tenancy during this period. The standard notice to quit timeframe has changed to 90 days, starting on 27 March 2020. The legislation has also introduced a suspension of 90 days from 27 March 2020 on possession hearings. Our [Private sector housing](#)

[enforcement and civil penalties policy](#) sets out our approach to the enforcement of housing standards. Please [see our dedicated advice page](#) for more information.

Public Sector Housing

Visits to residents' homes for enforcement purposes have been suspended.

Visits to Houses of Multiple Occupancy have also been suspended, including for the purpose of processing applications for HMO licenses. You can still [contact our team](#) if you have complaints about the condition of your property and we will try and support you.

Building Control

Site visits, inspections and all general advice and meetings will be conducted virtually. Occupations and completions will be delayed until the situation improves. All documents must be sent by email to building.control@colchester.gov.uk. All payments must be made by phone to 01206 282436.

Bereavement Services

Following an update to government coronavirus legislation, the cemetery is open to visitors. A face covering must be worn by all family and friends attending a funeral in Colchester Crematorium chapel, all funeral directors' staff, and all ministers and celebrants.

Singing will not be allowed in the crematorium chapel. Those attending funeral services need to be as few as possible, but up to a maximum of 20.

Cremation and burial services are still taking place with restrictions. The Book of Remembrance room and Prayer Room at Colchester Cemetery and Crematorium are closed. The scattering or burial of ashes is postponed until further notice

Planning

While planning applications are being processed as usual some site visits will be conducted virtually and site notices will be issued by email.

Playgrounds and Outdoor Gyms

A phased reopening of playgrounds and outdoor gyms has started and will continue over the next couple of weeks.

Aqua Springs

Aqua Springs Spa is closed, but customers can book beauty treatments online. To visit, you will need to reserve a time slot in advance. Please [visit our website for more details](#).

CLOSED

Hollytrees Museum and the Natural History Museum

Our museum doors may be closed but you can take part in our [Museum from home activities](#)

Highwoods and Tirpree Leisure World Council Buildings and Meetings

AVOID LIGHTING BONFIRES DURING CORONAVIRUS CRISIS

CBC know that it is hard right now for residents to manage their rubbish and recycling because of our reduced service, but we would please ask you not to burn it. There are serious health implications linked to bonfires. Smoke from bonfires can aggravate pre-existing conditions, like asthma and COPD. That is why we are asking residents to think about their neighbours and not to dispose of waste (garden or any other) by burning it. For advice on how to reduce, reuse and store your recycling click [here](#).

PHONES, DATA AND WI-FI

Apps to help you stay in touch: you can video call in groups or one-to-one using apps like WhatsApp and Zoom and you can chat through apps like Facebook Messenger.

[Tips on using less data](#)

[How to use less data on your iPhone](#)

[How to use less data on your Android phone](#)

DOG WASTE AND LITTERING

Please remember that it is an offence to drop litter or fail to pick up after your dog. Please remember to put litter in a bin and to bag and bin dog waste. Both litter bins and dog waste bins continue to be emptied by the council. [You can report full bins here.](#)

If you are a dog owner, you are required by law to clean up after your dog in public places. That includes roads, pavements, parks, car parks and all shared open spaces.

If there isn't a dog bin on your dog walking route, it's your responsibility to pick up and take your dog's waste home with you. Under the Dogs (Fouling of Land) Act 1996 it is an offence not to clean up your dog's mess properly.

We will take enforcement action against anyone who is witnessed letting their dog foul in public without cleaning it up or anyone seen dropping litter.

HOW TO KEEP WELL DURING CORONAVIRUS (COVID-19)

Flu Vaccination Programme and COVID-19

It's likely that flu viruses and the virus that causes COVID-19 will both spread this autumn and winter. The NHS could be overwhelmed treating both patients with flu and patients with COVID-19. This means getting a flu vaccine during 2020-2021 is more important than ever.

Flu, which can be deadly or need hospital treatment, poses additional threats during the pandemic:

There is some evidence a double infection with coronavirus and flu is more deadly than either alone.

A big flu season combined with coronavirus could overwhelm hospitals

If lots of NHS or care-home staff are sick with flu, then it may not be possible to respond to Covid-19 in the same way as during the peak in spring.

Social-distancing and hygiene measures in place to stop coronavirus should, in theory, also have an impact on the amount of flu going around.

Who will be offered the flu vaccine?

- people who were required to shield from coronavirus and anyone they live with
- people with some medical conditions including diabetes, heart failure and asthma

- pregnant women
- pre-school children over the age of two
- all primary school children, as last year, and, for the first time, Year 7 pupils
- initially all people over 65, before the programme is extended to the over-50s.
- The NHS will get in contact with those who are eligible.
- It wants to ensure the highest risk patients are at the front of the queue when the immunisation programme starts in September. Those aged 50-64 will be offered the jab later, with the full details still to be announced.

STAY ALERT

We can all help control the virus if we all stay alert. This means you must:

- Stay at home as much as possible.
- Work from home if you can.
- Limit contact with other people.
- Keep your distance if you go out (2 metres apart where possible). 1 metre plus only applies when you can mitigate the risks by taking other precautions
- Wash your hands regularly.
- Do not leave home if you or anyone in your household has symptoms.

You can now exercise alone, with members of your household, or with up to, but no more than 5 other people from outside your household while keeping 2 metres apart at all times. Gatherings of more than 6 people are not permitted (unless an exemption applies, for example, if you are from one household or

if it's essential for work purposes). Social distancing of 2 metres applies to people outside of your household. If you are playing sport or exercising with people from your own household, the 2 metre rule does not apply.

You can travel for physical activity. Ideally use your nearest, local appropriate venue to reduce pressure on transport infrastructure. But you can travel to outdoor open space irrespective of distance. You shouldn't travel with someone from outside your household unless you can practise social distancing - for example by cycling. It is not possible to practice effective social distancing in small vehicles. You should consider all other forms of transport before using public transport. [More advice can be found here.](#)

[Walk Colchester](#) and [Cycle Colchester](#) are local organisations which promote and recommend physical activity and access to the local green environment: [paths](#), [trails](#), [parks](#), [woods](#) and [open spaces](#). As well as guidance on [Getting active at home](#), Sport England's [Join the Movement](#) campaign provides all the latest advice on getting active, with tools to help you make the most out of the fresh air during your exercise. The [Active 10](#) app from the NHS is a great way to help you monitor and gradually increase your brisk walking levels over time. If you're feeling anxious in these uncertain times you could also consider some of the [Walking Meditations](#) from Headspace.

Leisure World have launched a Free fitness app so you can enjoy the benefits of regular exercise from home!

It has a range of Train at Home workouts, from easy to hard, so everyone can challenge themselves and have fun, no matter their abilities.

It's our small way to try and help you get through this difficult time.

Create your account today, [here](#)

Alongside walking and running, cycling is one of the simplest ways to get active outside and can be done with the whole family. British Cycling have created [Lets Ride Local](#) to encourage safe and responsible cycling - the website includes tips and advice on riding locally, as well as instructions on teaching children how to ride.

With many pupils not at school or only returning for short periods, children and families still need to keep healthy, so the [Daily Mile at Home](#) is an easy and fun way

to keep fit and maintain good health and wellbeing for you and your children. The Daily Mile guidance for schools has been adapted for use at home to achieve the same benefits.

This comes from as little as 15 minutes or more of walking, running or jogging in the fresh air – doing it at whatever pace suits you best and wearing what you'll feel most comfortable in. Every week on Monday, Wednesday and Fridays, a new challenge is set.

[Active Essex](#) have launched a livestream YouTube channel which features a full timetable of different activities by Essex deliverers to keep us moving more. The following week's timetable is launched every Sunday.

Physical activity helps our body and mind in many ways, and you can read more about getting the right amount of exercise at [Essex Livewell](#).

Leisure World Tennis Centre: Leisure World ARE OPEN. Facilities that are now open include the leisure pool, Activa gym and the fitness pool. Customers will need to [book a session online for all activities before visiting](#).

There are new terms and conditions at the tennis centre but they now booking 1-1 and doubles if all members are residing in the same household. [To book a court click here](#).

ANXIOUS OR WORRIED

Staying at home for a prolonged period can be difficult, frustrating and lonely for some people and that you or other household members may feel low. Also, now lockdown is easing you may feel worried or anxious about going out and/ or meeting people. It's important to remember to take care of your mind as well as your body and to get support if you need it.

The **Livewell Campaign** highlights 7 steps we can all take to support our mental health during this time and includes links to the latest government advice on looking after our mental health and that of children and young people.

You can call NHS 111 if you or someone you know needs urgent care, but it's not life threatening.

If you have an existing mental health problem and your symptoms get worse.

If you experience a mental health problem for the first time.

If someone has self-harmed but it does not appear to be life

threatening, or they're talking about wanting to self-harm.

If a person shows signs of possible dementia.

If a person is experiencing domestic violence or physical, sexual or emotional abuse. Dial 111 and select the option for mental health crisis (option2) for immediate and specialist support 24 hours a day, 365 days a year. The service is for people aged over 18 and over and aims to ensure those in need of support can access it quickly when they need it most.

MIND telephone lines will remain open Monday to Friday 9am–5pm on 01206 764600. Alternatively, you can send them an email enquiries@mnessexmind.org.

In addition, the following is a list of mental health charities and organisations for both adults and young people that are contactable for support and advice:

ADULTS

Mental Health First Aid (MHFA) Provides a toolkit that helps everyone to support their mental health while working from home.

Links for Deaf people including British Sign Language videos and access to NHS 111.

Mid and North East Essex MIND In need of counselling? Call Monday – Friday 9am – 5pm 01206 764 600, email at enquiries@mnessexmind.org or visit their website for more information.

Live Well Link Well is a free and confidential social prescribing service that provides practical or emotional support of a non-medical nature. They can help you to access support with a range of areas of health and wellbeing, including maintaining mental wellbeing, supporting independence, looking after someone, getting out and about, and social isolation. If you live in mid Essex and are over 18, you can contact the service without having to go through your GP. Call **03003039988** (Monday to Friday from 8am to 7pm) or email livewell.linkwell@nhs.net

Anxiety UK provides support if you have been diagnosed with an anxiety condition. Call **03444 775 774** (Monday to Friday, 9.30am– 5.30pm)

Men’s Health Forum offers 24/7 stress

support for men by text, chat and email.

OCD Action provides support for people with OCD. Call them on 0845 390 6232 (Monday to Friday, 9.30am-5pm). Calls cost 5p per minute plus your phone provider’s access charge.

Samaritans provides confidential support for people experiencing feelings of distress or despair. Phone: **116 123** (free 24-hour helpline).

Textcare provides comfort and care via text message, sent when the person needs it most.

SHOUT Crisis provides 24/7 anonymous text support for when you feel you can’t cope. Text “SHOUT” to **85258** for non-judgemental support.

Zero Suicide Alliance Have a link 20 minute module to support those who are in touch with people who might be really struggling over the next few months. It is also helpful for community members as it has a section about talking with family and friends. **It is free to access.**

Specialist advice for those living with **Diabetes**. The Diabetes UK helpline is also open Monday to Friday, 9am to 6pm, at 0345 123 2399 for anyone living with diabetes, their friends or family and anyone else with concerns.

#quitforCovid It is vitally important to quit

as smokers are less protected against infections. For support to quit smoking please contact Essex Lifestyle Service on 0300 303 9988. Or visit [Essex lifestyle service - stop- smoking](#)

Combatting loneliness and isolation

Access online AA meetings. To access an online meeting on a smart phone download and install the GOTOMeeting app. In meeting Id box type 'ukna or 437-754- 909, (skip and email) then enter your name and save. You can then access the daily sound only meetings. Meetings are every morning at 11am and every evening at 7.30pm. Laptop/desktop users can go to <https://www.gotomeet.me/ukna> and sign in the same way. You can also download the Zoom app and scroll down the list of online meetings

CHILDREN AND YOUNG PEOPLE

Essex Child and Family Wellbeing Service 'Chat Health' enables all 11-19 year old's to text their school nurse on **07520 615734** to discuss their mental health and receive confidential advice and support.

KOOTH offers young people free, safe and online support.

PAPYRUS young suicide prevention society. Call **0800 068 4141** (Monday to Friday, 10am to 10pm, 2pm to 10pm on weekends and bank holidays).

YoungMinds offers information on child and adolescent mental health, services for parents and professionals. Call **0808 802 5544**, (Monday to Friday, 9.30am to 4pm).

Essex Youth Service provides Children and Young People Early Intervention Mental Health Services (CYP MHEIS). If you would like to speak to someone for more information about the services CYP MHEIS offer and to find out about what support might be available for you please call their Single Point of Access team on **0300 300 1600** from 9am-5pm, Monday – Friday. Guidance on supporting children and [young people's mental health and wellbeing](#)

y.e.s Counselling service offers an empathetic, supportive and confidential listening ear to children, young people and their families across Colchester and

Tending around any issues that they may be struggling with. If YOU are between 11 - 19 years old or are the parent or carer of a child or young person who is struggling, and need to talk to someone please call Maria Hales on 07436 805270 between 11am & 2pm Monday—Thursday. Or family therapist Karen Atwell on 07484 091578 Mondays or Wednesdays between 11am & 2pm. If phone lines are busy please leave a number and your call will be returned as soon as possible.

Check the website for information and links to practical and emotional support and also check out our [Facebook page](#)

SUPPORT AND ADVICE FOR PEOPLE AFFECTED BY DEMENTIA

If you or someone you care for are worried about coronavirus (COVID-19) and need support and advice, call the Dementia Connect support line on 0333 150 3456.

[Alzheimer's Society Website](#) for the most up to date information and advice.

Join [Alzheimer's Society online Community Talking Point](#) where you can connect with others affected by dementia in a similar situation.

Use this [Dementia Connect online support tool](#) to find dementia information and support that is right for you.

There is information on several websites about looking after your mental health.

[The Livewell campaign](#) provides local and national mental & physical health and wellbeing information including a useful guide on [7 steps to mental wellbeing while at home](#).

Visit the [NHS mental health and wellbeing advice website](#) for self-assessment, audio guides and practical tools, if you are experiencing stress, feelings of anxiety or low mood.

If you already have a mental health problem, you can access [comprehensive guidance provided by Mind](#).

BEREAVEMENT SUPPORT

Many people in Colchester will sadly experience bereavement, grief and loss during the corona virus pandemic. Measures to reduce the spread of Covid-19 may increase the emotional impact of losing somebody, whether as a result of the virus or not. Bereaved people may feel more isolated and cut off from support networks.

It is important that family, friends and communities seeking support at this time can talk to somebody they trust who will listen, empathise and point them to professional advice where necessary.

There are many online sources of trusted information and support in relation to bereavement and a number of these can be found by following the links opposite.

For those that require more structured support we suggest you contact your GP but you can also contact St Helena Hospice who provide clinical bereavement support. The Hospice team will talk to you about your bereavement and help to identify the right source of support.

Contact detail are below.

St Helena Hospice SinglePoint

Members of the public, patients, relatives, carers, GPs and other health and social care professionals can get advice and support over the phone 24/7 with regards anyone who may be in the last year of life or who have specialist palliative care needs. Call Single Point on 01206

890360.

[ACC's COVID-19 Crisis Counselling Support Service](#)

BUSINESS SUPPORT

The council has awarded almost £33 million in emergency grants to eligible businesses.

A dedicated website has been published which has links to all the latest information, guidance and advice on crucial business themes. More information is planned, and new information is being added all the time. Importantly, there are also links to surveys which are assessing the impact of the current situation. You can also follow **@yourcolchester** and **@colchbusiness** on Twitter too.

GUIDANCE ON OPENING UP BUSINESSES

New 'COVID-19 secure' guidelines are available to UK employers to help them get their businesses back up and running and workplaces operating as safely as possible. The new guidance covers 8 workplace settings which can be open, from outdoor environments and construction sites to practical actions for businesses to take based on 5 main steps.

1 Carry out a COVID-19 risk assessment. Before restarting work, you should ensure the safety of the workplace by:

Carrying out a risk assessment in line with the **HSE guidance**.

Consulting with your workers or trade unions.

Sharing the results of the risk assessment with your workforce and on your website.

2 Develop cleaning, handwashing and hygiene procedures. You should increase the frequency of handwashing and surface cleaning by:

Encouraging people to follow the **guidance on hand washing and hygiene**.

Providing hand sanitiser around the workplace, in addition to washrooms.

Frequently cleaning and disinfecting objects and surfaces that are touched regularly.

Enhancing cleaning for busy areas.

Setting clear use and cleaning guidance for toilets.

Providing hand drying facilities – either paper towels or electrical dryers.

3 Help people to work from home. You should take all reasonable steps to help people work from home by:

Discussing home working arrangements.

Ensuring they have the right equipment, for example remote access to work systems.

Including them in all necessary communications.

Looking after their physical and mental

wellbeing.

Maintain 2m social distancing, **where possible**. Where possible, you should maintain 2m between people by:

Putting up signs to remind workers and visitors of social distancing guidance.

Avoiding sharing workstations.

Using floor tape or paint to mark areas to help people keep to a 2m distance.

Arranging one-way traffic through the workplace if possible.

Switching to seeing visitors by appointment only if possible.

Where people cannot be 2m apart, **manage transmission risk**.

Where it's not possible for people to be 2m apart, you should do everything practical to manage the transmission risk by:

Considering whether an activity needs to continue for the business to operate.

Keeping the activity time involved as short as possible.

Using screens or barriers to separate people from each other.

Using back-to-back or side-to-side working whenever possible.

Staggering arrival and departure times.

Reducing the number of people each person has contact with by using 'fixed teams or partnering'.

There are 8 workplace guidance documents now available under **Working safely during coronavirus (COVID-19) guidance**.

HOW BUSINESSES CAN HELP AVOID A LOCAL LOCKDOWN

Please follow the Government guidance on re-opening safely, and do all you can to protect employees and customers on your premises.

Risk assessment: Rules on reopening safely include carrying out a risk assessment and making sensible adjustments to the site and workforce.

Test and Trace: By implementing Test and Trace you can help to stop the spread of the virus, protect your staff and customers and reduce the potential for the virus to have a negative impact on your business.

There is a higher risk of transmitting coronavirus in premises where customers and visitors spend a longer time close together in one place and potentially come into close contact with other people outside of their household. Detailed guidance – including what information you need to collect – is on the gov.uk website Maintaining records of staff, customers and visitors to support NHS Test and Trace.

Create a QR code poster for your venue.

So customers can check-in using the NHS COVID-19 Trace app.

Face coverings: Members of the public must now wear face coverings in enclosed public spaces, including pubs, restaurants and cafes unless seated to eat or drink.

Please encourage your customers to wear face coverings unless exempt

COMMUNITY SAFETY

Safer Colchester Partnership
for up to date community
safety advice.

STAY SAFE AT HOME

These are very challenging times for us all, and while the governments advice is to stay home, for some people, home is not a safe place. If you are living

with domestic abuse and feel even more isolated and at risk please remember there is help available.

Stay Safe at Home is a new initiative to raise awareness of five common risks people may face at the moment.

- Domestic abuse.
- Child abuse.
- Accidental fire/fire safety.
- Fraud.
- Bogus callers.

Support the campaign on social media by using

#ProtectingandServingEssex,

#StaySafeAtHome and

#StayHomeSaveLives.

More information can be found here

Fake Products / Websites

Fake coronavirus (COVID-19) testing/treatment kits are being produced and sold worldwide. These kits contain harmful chemicals and police are warning anyone who has bought one of these kits not to use it. Report to [Action Fraud](#), quoting

During this time, be aware of fake websites and suspicious links.

Criminals will advertise products they know to be in short supply, such as hand sanitiser, face masks and treatments.

Claims like '100% safe', 'No side effects' and 'Quick results' should be warning signs.

Be careful paying for anything for anything via bank transfer and only buy goods from reputable companies that you know and trust.

Fake Emails

There are several fake emails circulating claiming to be from health organisations (such as the World Health Organisation, with attached 'safety advice' which when clicked downloads malware to infect the device.

Ensure you check where an email has come from – is the email address suspicious?

Never click on any suspicious links or open any documents on emails that you

were not expecting – do not let your curiosity get the better of you!

Elderly Individuals Targeted by Doorstep Scammers

The elderly and vulnerable are increasingly being targeted by doorstep scammers due to their increased isolation from family and friends.

Criminals are posing as police and health officials, sometimes offering to carry out a coronavirus (COVID-19) test on their doorstep in exchange for cash.

Be vigilant as always, do not accept offers on the doorstep.

Always confirm who the person is, using a trusted number – genuine officials will always wait and carry identification.

Thieves offering to shop for the elderly and then keeping their money

Thieves posing as good Samaritans are offering to complete shopping trips on behalf of the elderly, before keeping the money or bank cards that are handed over.

Treat such invitations with caution. Never hand over your bank card or details.

If vulnerable people are using others to do their shopping, ensure it is someone they know or from a trusted source.

PENSION EXPLOITATION

Pension savers have been warned to be extra vigilant of criminals seeking to prey on people anxieties amid the pandemic. As markets are affected and people seek to increase their savings, it may make people look to make snap decisions that could have serious consequences.

As always, the advice remains – do not respond to cold callers.

Take your time to think things through carefully and do your own research (even if you are being offered a ‘limited time deal’).

If something looks too good to be true – it usually is.

Courier Fraud

Fraudsters are attempting to take advantage of the current climate by carrying out crime online and at people’s doorsteps. This involves posing as government officials, bank or other financial services employees by text message, online or by knocking on doors.

It is important to be mindful before handing over money or personal details. Some simple steps to take are:

Don’t be rushed into making a decision. Take five minutes before acting and trust your instinct. If it sounds too good to be true it probably is.

Do not assume or believe a call, a knock on the door or a deal online is genuine.

Don’t be afraid to challenge any calls, visits or messages you may receive.

It’s okay to reject, refuse or ignore any requests. Only criminals will try to rush or panic you.

Only purchase goods from legitimate retailers and take a moment to think before parting with money or personal information.

If someone claims to represent a charity, ask them for ID. Be suspicious of requests for money up front. If someone attempts to pressurise you into accepting a service, they are unlikely to be genuine. Check with family and friends before accepting offers of help if you are unsure.

Never click on links and never divulge personal information – the police and government departments will never ask you for these details.

If you receive any fake gov.uk/ coronavirus messages, please report these to Action Fraud on 0300 123 2040.

Contact your bank immediately if you think you are a victim of a scam.

FRIENDS AGAINST SCAMS aims to protect and prevent people from becoming victims of scams.

- Be aware of people offering or selling.
- Virus testing kits – these are only offered by NHS.
- Vaccines or miracle cures – there is currently no vaccine or cure.
- Overpriced or fake goods to protect yourself from coronavirus (COVID-19) such as antibacterial products.
- Shopping or medication collection services.
- Home cleaning services.

Advice From The Fire Service

A few key messages from the Fire Service; with more people in their homes please remember.

- A minimum of one smoke detector is advised on each floor of a property. Test your smoke alarm. Smoke alarms are proven life savers. They give warning at the first sign of fire, waking you and your family up and giving everyone the time, they need to get safely out and call the fire service.
- Never leave candles unattended - near curtains / flammable materials.
- Discuss with your family your Fire Escape Plan - how / what to do / leaving items / not entering back into the property.
- The largest number of residential fires start in the kitchen - distraction (children / pets/ phone calls etc) being a high proportion of incident causes with the kitchen left unattended.
- Never leave your BBQ unattended and make sure it is kept well away from sheds, fences, trees, shrubs or

garden waste. Keep children, pets and garden games well away from your cooking area. After cooking, make sure the BBQ is cool before moving it and make sure you turn off the gas supply first, followed by the BBQ control, to stop any gas from leaking.

- Hand Sanitiser in Cars: You may have heard reports that hand sanitisers left in cars can pose a fire risk, whilst there is not much evidence to suggest this is the case we would advise people to ensure they store their hand sanitisers in vehicles safely, which includes keeping bottles closed and out of direct sunlight, such as in the glove box.

This will ensure the contents do not deteriorate and means bottles cannot be magnified by the sun. Sanitiser should also be kept away from naked flame.

[For more advice from the Fire Service click here.](#)

DOMESTIC AND SEXUAL ABUSE HELP

Self-isolation will have a direct impact on anyone experiencing domestic abuse and sexual abuse. If you are experiencing domestic or sexual abuse, you can talk to someone in the agencies listed below. Support for people who feel they are at risk of domestic abuse can be found [here](#).

IF YOU ARE IN IMMEDIATE DANGER, PLEASE CALL 999 IF YOU CAN'T SPEAK PRESS 55

[Essex Police - Advice-and- information domestic abuse](#)

[SaferColchester Coronavirus and domestic abuse](#)

DOMESTIC VIOLENCE

COMPASS - COMPASS is a single point of access funded by Essex County Council in partnership with the Office of Essex Police, Fire and Crime Commissioner to support victims of domestic abuse across Southend, Essex and Thurrock. It is available 24hrs a day, for callers to speak with a trained member of staff who will complete an assessment and ensure contact is made with the most appropriate support service.

There is an easy to use online form for both the public and professionals wishing to make a referral. You can contact them on **0330 3337444** or by emailing enquiries@essexcompass.org.uk.

NEXT CHAPTER – provides free and confidential services to support people who are experiencing or have experienced domestic abuse. Their website contains useful information, explains the types of abuse and common warning signs together with practical advice about staying safe and obtaining support.

For all new referrals to Next Chapter or contact Compass on **0330 333 7444**.

Next Chapter have also recently added an **online chat facility**.

WOMEN'S AID - Recognise the signs of domestic abuse. Women's Aid have also

launched an online message service open Monday - Friday 10am - 12pm. To talk to someone please [visit](#).

GALOP DOMESTIC ABUSE HELPLINE

The Galop domestic abuse helpline offers emotional and practical support for LGBT+ people experiencing domestic abuse.

Abuse is not always physical - it can be psychological, emotional, financial and sexual too. Tel:0800 999 5428

Domestic abuse perpetrator?

Do you need to change how you treat your partner in your relationship? Do you frequently put your partner down, criticise them or humiliate them? Are you being physically violent, emotionally abusing, controlling or intimidating? In these challenging times, emotions can become heightened, but abuse is not acceptable. Change your abusive behaviour by getting help [here](#).

THE CHANGE PROJECT

For those concerned by their behaviour.

SEXUAL ABUSE

CARA (Centre for action on rape and abuse) 01206 769795. Open and supporting victims of sexual violence via telephone support whilst all staff work from home. The office is running on an answer machine, so the quickest and easiest way to refer into them, is via **Synergy Essex** the rape crisis partnership that covers Essex. In an

emergency, please dial 999. CARA offer specialist therapy, advocacy support and independent sexual violence advisors to guide victims through the criminal justice process.

Synergy Essex provides support and information for anyone who has been sexually abused or raped or has been affected by sexual violence at any time in their lives. **0300 003 7777** or email support@synergyessex.org.uk.

CHILD PROTECTION AND SAFEGUARDING

The Essex County Council Children & Families Hub will remain in operation with no changes to threshold decisions.

The Priority Line (for children at risk of immediate danger) remains open alongside the Consultation Line.

Call **0345 603 7627** and ask for the Children & Families Hub. Please also state if you are a member of public or a professional.

Members of the public will speak to a Family Adviser who will discuss and identify the right services that will help to meet the family's needs.

Essex Safeguarding Children's Board

The Essex Safeguarding Children's Board website has launched a dedicated **Coronavirus webpage** which aims to provide a single point of access for

anyone needing information and resources in relation to safeguarding children and young people. These pages will outline any temporary changes to multi-agency safeguarding procedure and guidance. The Children and Families Service continues to prioritise support through continued contact with high risk child protection cases, children- in-care and young people living in semi-independent accommodation.

There are also pages with general information signposting to national and local advice and support, and **resources for families**. They have also produced a list of online safety resources which can be found by following the link on page 59.

HATE CRIME

The police have advised that during this time there have been a small minority of people who have targeted individuals and communities for abuse in relation to COVID-19. There has been significant increase in hate crimes and incidents targeting the Chinese and South Asian communities and an increase in far right-right anti Muslim and antisemitic online activity. They are concerned that residents feel reluctant to report crimes and incidents as they believe the police have priorities elsewhere.

They are urging people to come forward if they have been a victim of a hate crime or incident. This will become even more important as lockdown restrictions ease and people from different communities come into regular contact with each other again.

What is a Hate Crime?

Hate crime is any incident, which may constitute a criminal offence, which is perceived by the victim or any other person as being motivated by prejudice or hate because of a person's:

Race, colour, ethnic origin, nationality or national origins, includes Gypsies and Travellers.

Religion or faith and can include no faith.

Gender identity includes Transphobia - resentment or fear of transgender people or transvestites.

Sexual orientation. Including Homophobia - resentment or fear of gay, lesbian or bi-sexual people. Also resentment or hatred of heterosexual people.

Disability – any physical, sensory or mental impairment whether short or long-term. Includes learning disability or difficulty.

Hate Crime Can Take Many Forms Including:

Physical attacks – such as physical assault, damage to property, offensive graffiti, neighbour disputes and arson.

Threat of attack – including offensive letters, abusive or obscene telephone calls and other intimidating behaviour as groups or individuals.

Verbal abuse or insults, abusive gestures.

Other abuse – offensive leaflets and posters, dumping of rubbish outside homes or through letterboxes, unfounded and malicious complaints and bullying at home, on-line, in school or in the workplace.

WHAT CAN YOU DO?

Recognise that what is happening to you is a hate crime.

Understand that by reporting the incident you will get the help you need.

Don't suffer in silence, the help you need is available, call us now...

It will help police and support agencies if you keep a diary of events. Please remember to date and time entries and fully describe any individuals or vehicles involved.

In an emergency dial 999 or 112 (112 is a European equivalent number that works in UK.)

Call the Non-Emergency number for Essex Police on 101 to report any incident of crime.

If you feel that you are not confident in reporting the incident directly to the police you can complete a 'Hate Crime' reporting form at

[Essex Police - Report a Hate Crime](#)

Alternatively, you can call one of the Hate Incident Reporting Centres (HIRCs) whose details you can find at the link above or call

Crimestoppers 0800 555 111 and report it anonymously, your calls cannot be traced, nor recorded.

[SaferColchester - Hate Crime](#)

WHEN VISITING THE TOWN CENTRE

- Please keep your distance as best as you can. Lots of floor markings have been put in place across the town to help you.
- Wear a mask on public transport and inside shops unless you are exempt
- Wash your hands as often as you can. Lots of hand sanitiser stations have been placed around the town, in car parks and at bus stops.
- Many businesses have place queuing guidelines on the floor outside their business. If you see these, please try and stick to them. If you see an end of queue sticker, please return later.
- We are all in this together. Respecting staff or other shoppers is so important to make sure everyone has a safe, enjoyable trip to Colchester.

SHOPPING AND SUPERMARKETS

IS SOMEONE ELSE GETTING YOUR SHOPPING FOR YOU?

Many major stores have launched a Volunteer Shopping Card e-gift. You can give these to a volunteer who is doing your shopping for you. Just complete the online form and receive a shopping voucher via email. You can then print or display on a smart phone.

Post Office makes access to cash available faster for self-isolating customers

The Post Office have launched a service for people who are isolating and have a Post Office account without a debit card and who have no means in getting their money, it's called the Pay Out Now Scheme and involves sending a one off [code to a nominated person to allow them to withdraw money.](#)

Many local shops have expanded by providing an online service. You can check CBC's [Residents Contact Pack](#) which gives a comprehensive list of support in your Neighbourhood.

Many supermarkets have tailored their opening times specifically for vulnerable residents and key workers.

[Sainsburys](#) - Are still giving customers who are vulnerable priority access to online home delivery service. New customers can now register online for home delivery and click and collect slots.

Customers are now welcome to shop at any time during store opening hours, however NHS and care workers will still have priority entry from 7:30am to 8am Monday to Saturday and elderly, vulnerable and disabled customers will still have priority entry from 8am to 9am Monday, Wednesday and Friday.

For customers who can travel to stores, they expanded the Click & Collect service and are accepting new customer registrations.

[Tesco's](#) - Are still giving customers who are vulnerable priority access to online home delivery service. Have introduced a limit of 95 items per online order. Have removed the purchasing limits on all products in stores, except for face coverings, which has a limit of 3 units. There is also still a limit of 3 units on online orders of face

coverings, antibacterial handwash, antibacterial wipes, flour, and eggs.

Still giving NHS, emergency service, and care workers priority access to stores to help them shop when they have the time. If there's a queue, please go to the front with your valid ID to enter.

All stores (except Express stores) will be prioritising the elderly and most vulnerable for one hour between 9am and 10am every Sunday (for browsing only) and Wednesday.

M&S - First hour of trading will be for NHS and emergency services workers Tuesdays and Fridays; Vulnerable Mondays and Thursdays first hour of trading.

Have partnered with food delivery company Deliveroo to help give customers access to essential groceries and some of their M&S favourites and treats. Food boxes available for online delivery.

Asda - Some stores are now open 24 hours. To find out your local store opening times please visit [store locator](#).

Are still giving customers who are vulnerable priority access to online home delivery service. Essential food boxes available for online delivery

Aldi - All day everyday key workers in the NHS, Police and Fire Service, Social Care Workers, First Responders and St John's Ambulance staff, take priority ahead of queues into stores upon showing a valid ID. This is in addition to early access on a Sunday, where they can enter stores 30 minutes prior to opening.

Opening 30 minutes early Monday - Saturday for the Elderly (over 70) and vulnerable. Aldi food parcels containing 22 essential items are available for £24.99. [For more information and to order a food parcel.](#)

Lidl - Normal opening hours. Quantities may be restricted to 6 items per customer.

Waitrose - First hour of trading for vulnerable. Are offering 25% off their delivery slots to those who are most vulnerable. Offering elderly and vulnerable priority shopping Monday - Saturday 8 - 9am. Sunday 10 -11am. NHS workers can visit at any time during opening hrs, and just need to show their ID at the door.

Iceland - Are still giving customers who are vulnerable priority access to online home delivery service. But no longer offer special opening times for elderly, vulnerable or NHS workers.

Eastern Co-op - No longer offer dedicated shopping times. Offering 10% off to anyone with an NHS card or a green 'Care' badge at Food stores (excluding forecourts).

Three items per customer on these items: Paperware including tissues, toilet roll and kitchen roll, hand sanitiser, antibacterial soap

NEW ONLINE GUIDE TO HELPING THOSE WITH DISABILITIES SHOP.

Details on how supermarkets are assisting disabled shoppers during the pandemic are constantly being updated on the [website](#)

NHS WORKERS AND PARKING

North Essex Parking Partnership and Colchester Borough Council are providing exemptions for NHS staff and critical key workers in the form of a digital permit to use in on-street parking places and council owned car parks without having to worry about cost or time restrictions. On-street parking places are limited to:

- Pay and display bays.
- Limited waiting bays.
- Permit holders' bays/zones and
- Single yellow line waiting restrictions

Permits will last until 30th September 2020 and will be reviewed regularly taking into consideration any national guidance.

[Apply for a permit here.](#)

DR'S AND PHARMACIES

If you're thinking of calling your doctors please remember this -

We can't do prescriptions early or give you more just in case - the pharmacies are struggling already, and we don't want pharmacies to become like supermarkets.

We can't give you an inhaler even though you had one 5 years ago when you had a bad cough - just in case - I know it's scary but lots of people really need these inhalers and if you get one just in case they might not be able to get one that they really need.

We can't give you paracetamol on prescription just because you can't buy it over the counter.

We can't advise you whether you should or shouldn't self-isolate if you are at risk, we have a considerable number of patients - please follow the guidance. I know it's not perfect, but we don't have anything else we can tell you.

If you are due to have a routine appointment and we tell you it's cancelled, try and understand the unprecedented strain we are trying to get through.

Please don't shout at your GP staff when they can't do these things because remember we will still make sure you get the medication you need, and we will still provide the best possible care - over the

phone or face to face if absolutely necessary!

Every single person who sets foot in a healthcare setting from now on, is sadly entering a high-risk environment, why would you put yourself at risk?

Remember all NHS staff are doing this to help keep you safe

[New Arrangements for Long Term Sick Notes](#)

People unable to work for more the 7 days due to COVID-19 symptoms can now obtain an isolation note online without contacting a doctor to reduce the pressure on GP surgeries and stop people having to leave their homes.

The service can be accessed via [Get an isolation note](#) or via the [NHS app](#).

[Advice for Parents](#)

Whilst coronavirus is infectious to children it is rarely serious. If your child is unwell it is likely to be a non-coronavirus illness, rather than coronavirus itself.

Although it is extremely important to follow Government advice to stay at home during this period, it can be confusing to know what to do when your child is unwell or injured.

Remember that NHS 111, GPs and hospitals are still providing the same care that they have always done.

[Click here to view advice poster](#)

The following link is a video produced locally by two clinicians (and approved by NHSE/I) to inform parents of the services available and when to [seek help](#).

SUPPORT FOR FAMILIES WITH CHILDREN

Essex Child and Family Wellbeing Service

Have produced a COVID-19 Pandemic Resource Hub which includes guidance and information on:

- Talking with your children about COVID-19.
- Emotional and physical wellbeing - keeping positive.
- Support for young people.
- Home schooling.
- Relationships at home.
- Safeguarding yourself and others.
- Dealing with a very young baby.
- Home safety tips.
- Families with children with SEND.
- Financial welfare.

Click here to enter [the hub](#)

The Parenting Together Support Programme

The Parenting Together Support Programme can help you if you feel that stress and conflict is affecting your family. The programme offers parents support to suit their circumstances to address conflict within their relationship, as well as strengthening their parenting skills to bring up their children.

GOV.UK - What parents and carers need to know about early years providers, schools and colleges in the

autumn term.

Colchester Gateway Club Update

People with learning disabilities and their carers/families can join in activities on the [Facebook page](#).

Families of children with autism and learning disabilities have forced the UK government into a U-turn over its limit on outdoor exercise.

Digital Safety and Wellbeing Kit

With the help of the leading privacy law firm Schillings, the Children's Commissioner have produced this digital guide for parents and a safety guide for children to help ensure they are safe, and their wellbeing is looked after while at home during the coronavirus outbreak when screen time maybe higher than usual.

Stay alert and safe: Social distancing guidance for young people.

Explains the new measures that will help young people stay safe as the rules change on being outside, or at school or work. The guidance covers visiting public places, meetings in groups, going to work, and going to other people's houses.

It also includes advice for young carers and information on how to access health and care services

StarLine YouTube channel

As well as supporting parents and carers via the telephone helpline, StarLine will also be broadcasting a weekly discussion programme to explore aspects of parenting, education and home learning. Each episode will provide simple and engaging ideas for home learning. StarLive will be broadcast live on YouTube every Wednesday morning at 08.30 and will finish at 9.30am

Family Innovation Fund-Xtra Services

Provided by the voluntary sector and community partners to provide early support across key areas including understanding coronavirus; managing and coping with change; separation and loss; managing and coping with anxiety; healthy family relationships and staying active and curious.

The services are available to children and young people aged between 0 and 19-years (up to 25-years for young people with Special Educational Needs and/or Disabilities) and are aimed at helping young people and families who are not already receiving specialist or statutory support.

They can be accessed directly by families, through referral from a professional such as a teacher, via the **Getting Help in Essex Directory** or by calling one of the organisations themselves.

HOME-START COLCHESTER

Home-Start Colchester is a local charity that has been operating in Colchester since 1993. They are currently still providing a much needed service during Coronavirus for local families and children. Contact **Office@homestartcolchester.org.uk**

Services include:

- One-to-one support with parenting. This can be in your own home, at a group or at an organised drop-in session.
- Behaviour support advice and strategies for children 0-19 years.
- Information and advice.
- Support with housing concerns.
- Benefit advice.
- Foodbank vouchers including collection and delivery of food where needed.
- Grant application to help you with items you need but cannot currently afford.
- Group support for parents or children to build skills.
- Healthy eating.
- School readiness and play opportunities, help with education.
- Family events.
- Children workshops for children 5 – 11 years.
- Holiday fund.
- Home-Start have been able to purchase essential family items and delivering free much needed items such as nappies, wipes, food and crafts.

ECC Every Family Matters

A dedicated campaign aimed at supporting and reassuring parents, carers, children and young people in Essex during the coronavirus outbreak. They will be signposting relevant guidance and resources on the ECC website across three key areas – children’s mental health and wellbeing, young people and social distancing as well as online safety, using their own and shared channels.

To support all parents at this difficult time, the government launched a series of measures for families to assist with remote education, wellbeing and general support. The guidance can be found in the links opposite alongside a whole list of on-line resources for you to use. If your child/children has SEND need, support can also be found in these resources.

Educational Psychology Service Parent Helpline

Do you have concerns about your child’s education or development that you would like to talk through with an Educational Psychologist (EP)? Call our Parent Helpline 01245 433293 Mondays and Wednesday 1pm – 5pm (during term time).

What is the Parent helpline?

The helpline is for carers and parents of children and young people up to the age of 19 with concerns about their children’s education or development.

What will happen during a call?

You will talk to a qualified Educational Psychologist who will listen to your concerns and work with you to find a positive way forward.

What will happen after a call?

It will be a discrete piece of work with no follow up from the EP.

The helpline is confidential and personal details will not be recorded and nor will information be passed onto other sources.

CORONAVIRUS AND FAITH

Coronavirus is affecting all our lives. It is also affecting the way we can worship, practice faith, mourn and say farewell to loved ones. [ECC advice on Coronavirus, faith and bereavement.](#)

Worship, Prayers and Festivals

Places of worship can now open for individual prayer, congregational use and other permitted uses. Not all places of worship will be open as they may be unable to do so safely. Some may have reduced hours or other changes.

It is compulsory to wear a face covering inside a place of worship. Some people are exempt on health or equality grounds. Government officials have confirmed that religious garments such as Niqabs are acceptable but must fit securely round the side of the face.

Ceremonies including marriages, funerals and other life cycle rites can now take place with limited numbers. No more than 30 people should attend ceremonies (unless a life cycle rite takes place during routine communal worship). Strict social distancing should be maintained, so some venues may need to limit numbers further.

In line with government guidance for all venues, places of worship should keep a temporary record of visitors so the NHS [Test and Trace](#) service can contact people who come into close contact with somebody who has COVID-19. Test and Trace currently defines close contact as

two people being with two metres of each other for 15 minutes or more.

Registering a Death

All deaths must be [registered](#).

Deaths must be registered where possible within five days.

The law has temporarily changed:

- You can register a death by telephone rather than face to face.
- Follow the link above to book an appointment.
- You can ask for an on-the-day appointment – the registration service will do its best to provide one.
- Funeral directors and some other professionals can register deaths under certain circumstances.

Mourning and funerals during the coronavirus pandemic

- Funerals can take place. Only household members and close family can attend.
- ‘Close family’ means spouse or partner, parents and children of the deceased.
- No more than 10 people can attend.
- Stay at least two metres (six feet or three paces) apart during funerals and when travelling to and from them.
- Don’t attend if you show coronavirus symptoms or are vulnerable, e.g. over

70, pregnant or have an underlying health condition.

- If you are unable to attend the funeral reflect at home on the day.
- Some cemeteries and crematoria offer webcasting so the funeral service can be shared with your family and friends.
- Burials and cremations are both permitted.
- Funerals can only take place at the crematorium or burial grounds.

Essex County Council and bereavement services are working together to cope with the extra deaths due to coronavirus.

They are aiming to enable funerals to take place within the timescales of your faith, but this may not always be possible.

You will not be able to bring the deceased home for mourning.

Think about arranging a memorial or wake later in the year or the following year.

Seek advice from your faith leader about ways to mourn while observing your faith at this difficult time.

Bereavement services, faith groups and voluntary sector organisations can provide bereavement support

United Synagogues [guidance for reopening buildings and restarting services.](#)

What to do if the deceased had Coronavirus (COVID-19)

Extra precautions should be taken if the deceased had COVID-19.

Due to the small but real risk of infection from the deceased, mourners are strongly advised not to take part in rituals or practices that bring them into close contact with the body.

This includes washing, preparing and dressing the body.

Only people wearing personal protective equipment (PPE) and trained in how to use it should have contact with the body.

The deceased will be taken to a temporary mortuary between death and the funeral.

You will not be able to see them there.

Household members of the deceased should self-isolate for 14 days and not mix with other mourners at the funeral.

More information on bereavement support can be found [here](#)

DAILYHOPE 0800 804 8044

A free phone line has been launched to bring worship into people's homes while church buildings are closed due to the coronavirus. Daily Hope offers music, prayers and reflections as well as full worship services from the Church of England. Available 24 hours a day.

The Church Army have put together a really helpful document called Death, Greif & Hope - [straight answers for young people during the COVID-19 pandemic](#)

While there are some great mainstream support and guidance, it can sometimes seem difficult to find advice that is relevant to your faith. The following link provides.
