Your donation is used by the Friends' committee of St Mary's Old Church West Bergholt to keep the church and its surrounds looking welcoming and able to support events which help to keep its position as part of village life and appreciated as our heritage treasure. The Churches Conservation Trust is responsible for maintaining only the church building itself, and we are fortunate that recently it has chosen to support our church (as one of only several out of the 350 needy churches in its care) with its major repair works to roof and belfry, but all other care needs are met by the Friends. *Enquiries to Penny Lansdown, 01206 242394*
